EXTRAORDINARY CANDLES, HANDMADE IN EUROPE TO BE A WORK OF ART IN YOUR HOME

We are a creative candle studio dedicated to crafting extraordinary candles. Our mission is to create pieces that speak volumes, making them memorable gifts and standout design objects.

Each candle is a work of art, meticulously handmade by skilled artisans in our Lithuanian factory, from custom molds to the final finish.

Created to spark joy and emotion, our candles have been proudly sold across Europe, North America, Africa, and Asia in concept stores, gift stores, retail chains and museums for over 12 years.

HOW DID IT ALL START?

I founded CandleHand brand in 2015 after learning the craft of candle making from my dad. I never had an artistic training, but found candle making to be a fun and creative activity that was very different from number based computer sciences that I was studying at that time. I came up with an idea of making gesture shaped candles and it challenged me to take my craftsmanship to the next level. I wanted candles to look as real as possible.

It took me two years from 2013, when the idea was born, to perfect it and launch it to the market. After years of experimentation I am finally pleased as it's only the colour that distinguishes them from a real hand.

After years of work we are very pleased to be now selling CandleHands across the globe.

ABOUT

With fire and wax, we feel in our element. This is why we call our concept candles OOGNIS – meaning ‘fire’ in Lithuania. We play with wax as kids, craft candles as artists, and think of them as philosophers. We celebrate wax and fire in every step of our creative process.

QUEST FOR UNIQUENESS

Each candle is poured into a unique hand-burnt wooden container for you to enjoy a piece of art in the form of a candle.
